1 **GENERAL ORDER #2020-07**

2 This General Order summarizes this Court’s findings concerning the quality  
3 and effectiveness of the remote hearings conducted since March 23, 2020. Since  
4 March 23, 2020, the Merced Superior Court has conducted 43 remote Juvenile  
5 Hearings, 488 remote Criminal Hearings, 80 remote Family Law Hearings, a total  
6 of 611 remote hearings. The Presiding Judge has conducted a number of remote  
7 hearings himself and has consulted with each of the other Merced Superior Court  
8 Judges conducting remote hearings and this Court HEREBY FINDS AND  
9 ORDERS AS FOLLOWS:

- 10 1. The 611 remote hearings provided by the Merced Superior Court since  
11 March 23, 2020 are the fully functional equivalent of live in-court  
12 hearings. While they do not proceed as quickly as live in-court hearings,  
13 the sound quality and video picture quality is as good as or better than  
14 available to a person participating in a live in-court hearing. In all  
15 hearings conducted, the Judicial Officer has been able to understand the  
16 testimony and fully evaluate the demeanor of each speaker, unless the  
17 speaker appears by telephone.
- 18 2. Just as in a live hearing, there are times where a participant fails to speak  
19 into their microphone and must be prompted to repeat what they said,  
20 there are occasions where participants forget to unmute their connection  
21 or do not speak clearly and must be prompted to repeat their statements.  
22 While a connection has occasionally failed during a hearing, such failure  
23 usually comes to the immediate attention of the courtroom clerk  
24 controlling the video conference and the hearing is paused until a new  
25 and satisfactory connection can be made.
- 26 3. When an interpreter is required, the hearing proceeds more slowly  
27 because the interpreter must proceed with sequential rather than  
28 simultaneous interpretation, but the quality of interpretation is as good or

1 better than the use of simultaneous interpretation during a live in-court  
2 hearing.

- 3 4. When a participant and their attorney need to conduct a private  
4 conversation, the court has developed several processes for  
5 accommodating that need.
- 6 5. Remote hearings also preserve the right of the public of observe court  
7 proceedings as certain non-confidential remote hearings are being  
8 streamed by the Merced Superior Court to the public via YouTube.
- 9 6. The remote hearings have been so successful, that there have been  
10 inquiries from justice partners, including criminal defense counsel and  
11 civil counsel, requesting that the option to provide remote hearings in lieu  
12 of in-court hearings continue after the state of emergency is over.
- 13 7. This court concludes that the 611 remote hearings conducted by the  
14 Merced Superior Court since March 23, 2020 have fully accommodated  
15 the rights of all the participating parties and constitute the fully functional  
16 equivalent of live in-court hearings.
- 17 8. This court finds that the threat of contagion is such that live in-court  
18 criminal hearings would jeopardize the health of the Deputy District  
19 Attorney participating in the hearing, the district attorney's office, and its  
20 ability to function in other matters; would jeopardize the health of the  
21 Deputy Sheriffs or other law enforcement participating in the hearing, the  
22 Sheriff's office or other law enforcement agencies participating in the  
23 hearing, their staff, and their ability to function in other matters; would  
24 jeopardize the health of defense counsel and the ability of defense  
25 counsel's firm or the public defender to function in other matters; would  
26 jeopardize the health of the defendant himself, and would jeopardize the  
27 health of the court staff and its ability to function in other matters.  
28 Similarly, live in-court civil hearings would jeopardize the health of all

1 participants, including counsel, parties, and witnesses, in such civil  
2 hearings. This court incorporates by this reference, the April 8, 2020  
3 letter from Sheriff Vern Warnke discouraging the transportation of  
4 prisoners in lieu of remote hearings, and the April 22, 2020 Letter from  
5 the Merced County Department of Public Health, discouraging the use of  
6 live hearings, copies of which are attached hereto as Exhibits A and B.

7 9. This court finds that remote hearings do not impinge on the rights of any  
8 party in any material way, while adequately protecting the health and  
9 safety of all participants. This court finds that increases in safety  
10 presented by remote hearings far outweighs any potential advantages in-  
11 person hearings might have over remote hearings while the State of  
12 Emergency remains in effect.

13 10. This order remains in effect and is consistent with the court's experience  
14 with remote hearings conducted after General Order #2020-07 Amended  
15 was issued. Accordingly, General Order #2020-07 Amended remains in  
16 effect, through the decision to conduct live verses remote hearings after  
17 May 31, 2020 rests with the discretion of the hearing officer.

18 **GENERAL ORDER #2020-08**
