

1 SUPERIOR COURT OF THE STATE OF CALIFORNIA  
2 IN AND FOR THE COUNTY OF MERCED

3  
4 GENERAL ORDER RE: COURTHOUSE ACCESS AND COVID-19  
5 MITIGATION  
6 #2022-05  
7

8 This Court has previously issued Standing Order #2020-04 and thirty-six  
9 General Orders pursuant to Government Code section 68115 limiting the services  
10 provided by this court during the State of Emergency declared by the Governor in  
11 response to the COVID-19 pandemic.

12 Effective April 4, 2022, this court is modifying access to the courthouses for  
13 in person services. Accordingly, this order authorizes the nature of the services  
14 being resumed, the rules in effect for court facilities during this period of  
15 additional resumption of services and clarifies the status of the previously issued  
16 orders.

17 Remote appearances are encouraged and may be required in some  
18 proceedings. The court has established video and/or telephone conferencing in all  
19 courtrooms and will continue to limit physical access to all courthouse buildings.  
20 This Court HEREBY FINDS AS FOLLOWS:

- 21 1. The remote hearings provided by the Merced Superior Court since March  
22 23, 2020, are the fully functional equivalent of live in-court hearings.  
23 While they do not proceed as quickly as live in-court hearings, the sound  
24 quality and video picture quality are as good as or better than available to  
25 a person participating in a live in-court hearing. In all hearings  
26 conducted, the judicial officer has been able to understand the testimony  
27 and fully evaluate the demeanor of each speaker, unless the speaker  
28 appears by telephone.

- 1           2. Just as in a live hearing, there are times where a participant fails to speak  
2           into their microphone and must be prompted to repeat what they said;  
3           there are occasions where participants forget to unmute their connection  
4           or do not speak clearly and must be prompted to repeat their statements.  
5           While a connection has occasionally failed during a hearing, such failure  
6           usually comes to the immediate attention of the courtroom clerk  
7           controlling the video conference, and the hearing is paused until a new  
8           and satisfactory connection can be made.
- 9           3. When an interpreter is required, the hearing proceeds more slowly  
10          because the interpreter must proceed with sequential rather than  
11          simultaneous interpretation, but the quality of interpretation is as good or  
12          better than the use of simultaneous interpretation during a live in-court  
13          hearing.
- 14          4. When a participant and their attorney need to conduct a private  
15          conversation, the court has developed several processes for  
16          accommodating that need.
- 17          5. Remote hearings also preserve the right of the public to observe court  
18          proceedings as certain non-confidential remote hearings are being  
19          streamed by the Merced Superior Court to the public via a livestream.
- 20          6. The remote hearings have been so successful that there have been  
21          inquiries from justice partners, including criminal defense counsel and  
22          civil counsel, requesting that the option to provide remote hearings in lieu  
23          of in-court hearings continue after the state of emergency is over.
- 24          7. This court concludes that the remote hearings conducted by the Merced  
25          Superior Court since March 23, 2020, have fully accommodated the  
26          rights of all the participating parties and constitute the fully functional  
27          equivalent of live in-court hearings.

11 14 days, they have been ill with flu-like symptoms or have suffered a  
12 fever, cough, or shortness of breath consistent with symptoms of  
13 COVID-19, will not be admitted into the courthouse. Individuals who
